If your child is born in January to March inclusive then they move up a ball colour

If your child is born in April to August inclusive then they play with the same ball colour for the winter season

If your child is born in September to December then they will spend another year in the same ball colour but can move up in April if they satisfy certain criteria

This affects Red players who are born in 2002, orange players born in 2001, green players who are born in 2000. It doesn't affect 2003, 2004, 2005 players or players born 1999 or after
